

WEYERMANN® Bamberger Hofbräu® Export

Beer description

The wonderful golden color and the aroma of herbs and citrus call for the first sip. Early flavor impressions are malt and toffee notes. The full-bodied, fresh and malty impressions are then followed by the noble hop notes. Together with the higher carbonization level and high attenuation of this beer, a unique lager beer has been created.
Fits perfect to Bruschetta, Risotto and grilled chicken.

Beer style

Export Beers are bottom-fermented, range in color from straw yellow to golden, with white fine-pored head. The initially exhibit a malt sweetness and subtle honey aromas, which transform into spicy aromas reminiscent of bread crust. The bitter aftertaste can be caused by the hops, which should always be a balanced relationship with sweetness.
